SECOND QUARTER 1982

LETTER FROM THE EDITOR:

Dear Members,

Plans are already underway for our Annual General Meeting this fall, so begin making your plans to be there. This year promises to be bigger and better than ever, and we would like to see each of you there. A letter describing the activities will be sent to each member, but mark October 23 & 24 on your calendar and plan to attend.

Some of the activities we have planned are: a day of research at the Georgia Archives (Saturday), dinner and guest speaker on Saturday night, Sunday luncheon with a second guest speaker, and a social hour plus a few surprises following the Sunday meeting. We also plan to show the slides which were made at the 1980 and the 1981 Annual General Meetings.

Our newly established "Research Fund" is off to a good start, and our heart-felt thanks goes to Mrs. Anne Strickland Petry for making it possible. Hiring genealogists can be an expensive undertaking - an undertaking which few of us can afford as individuals. But, by sharing the expense, we can afford it; and everyone will benefit from it. Please contribute to this fund, for its success depends on each member.

I would like to take this opportunity to thank Mr. Calvin G. Floyd, a member of Strickland Research, Inc., for his many contributions to our organization; and for his recent donation of THE ALEXANDER THOMPSON, SR. FAMILIES by Calvin G. Floyd. This is a manuscript which presents a lineage summary of the Alexander Thompson, Sr. Families, and is a great addition to the Strickland Library.

I hope to see all of you in October!

Sincerely,

Nancy Cornell

TWO MATHEW STRICKLANDS

by L. C. Strickland

There is some published research on our Strickland Genealogy that does not provide sufficient evidence to support the claims made. Principally, the research that I include in this article is that of Worth S. Ray Research Collection, 975 DAR, Vol. 31, page 16. Quote, "Matthew Strickland, Sr. who married Elizabeth Loreen, of Liverpool, England and came to Maryland in 1679 on the HERRON. August 4, 1699 his land was divided between his sons." End of quote.

First, I would like to say that the land division between sons of Mathew Strickland, referred to above, occurred in Isle of Wight County, Virginia, and is published by John Bennett Boddie in his book, SEVENTEENTH CENTURY ISLE OF WIGHT COUNTY, VIRGINIA, and has the following paragraph taken from the County Deed Book I: "Mathew Strickland and William Strickland, sons of Mathew Strickland, deceased, have made a division of their lands. Mathew gives his brother, Samuel Strickland, 150 acres and his brother, John Strickland, 150 acres and to his brothers, William and Joseph, 150 acres apiece, 4 August 1699. Barnaby Mackinney, Thomas Marks."

Secondly, upon examination of the document mentioned in the first paragraph of this article from the Worth S. Ray Collection, it will be observed that one person came on the Heron in the year of 1678, that six persons came on the Heron in the year of 1679, and two persons, namely a Matthew Strickland and Elizabeth Loreen, came on the GLOBE in the year of 1680. Please note that the ship these two persons came on was the GLOBE and not the HERON, and that the year was 1680. Also note that this warrent granted to John Tanner, Merchant, four hundred and fifty acres of land to him for the importation of the named persons in the document. Consequently, these persons came under bond, or at the expense of someone else; namely, John Tanner.

In a second document, which may be found in the Calvert County, Maryland, Testamentary Proceedings, Vol. 16, pages 30 and 31, the following is recorded: Thomas Greenfield came into Court November 1691, Calvert County, Maryland, and requested Letters of Administration of goods and possessions of Mathew Strickland, late of Calvert County, deceased, who died intestate. Whereupon this Thomas Greenfield was directed to give an inventory accounting within three months. (Editor's Note: Photocopies of the original documents referred to in this article are in the Strickland Library Document File. They are negative photocopies, and will not reproduce clear enough to print in the quarterly. NJC)

At this point, I introduce evidence which I believe supports the theory that another Mathew Strickland, at an earlier date, 1678, was already on the scene in the Isle of Wight County, Virginia; involved in receiving a land grant of 902 acres of land for the transportation of 18 persons; date of this document 26 September 1678, recorded in Patent Book No. 6, page 653. Then again, this same Mathew Strickland received 1,803 acres of land for the transporta-

tion of 36 persons, Book No. 7, page 20, dated 20 April 1680. I must acknowledge at this point that we have not determined how and precisely the date this Mathew Strickland came to this land. Here is a question I pose at this time, would a person place himself in bond to travel to this land during the Colonial Period when he had the means to pay for the transportation of 54 persons? This is what Mathew Strickland did in the Isle of Wight County, Virginia.

To summarize, based upon data and documentations currently available, one would have to conclude that the Matthew Strickland of Calvert County, Maryland, whose possessions were inventoried by Thomas Greenfield, as directed by the November 1691 Court, died prior to this date. Also, I would point out that these are all of the records on the Strickland Family that are located in the Hall Records, Annapolis, Maryland, according to the authorities there, and that these documents do not reveal any heirs of this Matthew Strickland. It cannot be concluded that he did or did not have heirs. There is no document to indicate that he did or did not have wife or children. Many records were destroyed by fire in Calvert County, in 1882. It is my opinion that the Matthew Strickland of Calvert County, Maryland, and the Mathew Strickland of the Isle of Wight County, Virginia were different men. It is reported in "GONE TO GEORGIA", by William C. Stewart, that Mathew Strickland Sr., Isle of Wight County, Virginia, died 1696, which would have been five years after the death of the Maryland Matthew Strickland.

Now, to further muddle the situation, read some recently published data on our Stricklands of Virginia. BUCHANAN, VIRGINIA, GATEWAY TO THE SOUTHWEST by Harry Fulwiler, Jr., 1980, pages 835-839, herein partially quoted. "William Strickland, an early settler of Botentourt, was probably descended from Roger Strickland and his wife, Elizabeth Loreen, of Moreland County, Westmoreland, England. The name was originally Stirkland; Stirks were later called Steers. Leaving a long settled place of residence, this couple left England in 1679, sailed to the Colonies on a ship called the 'Herron'." Poor Elizabeth! How many Strickland husbands did she have?

An Old File Paper was found in the Bible with the following words on it:

"RECORD OF AGES OF THE HEIRS OF LAZARUS STRICKLAND AND HIS WIFE SARAH"

Listed are the names and births of the first 12 children of the family. Then, at the bottom of the page is:

LAZARUS STRICKLAND - Nov. 29, 1796

 WM. CHRISTOPHER SMITH - Aug. 2, 1839
 MARSHALL L. SMITH - Nov. 18, 1840
 SARAH AN MELVINA SMITH - Nov. 2, 1842

This seems to be a record for Lazarus' oldest child, Lousaney Gadsey, who married a Smith (in Lazarus' will). Her sister, Sarah Evolina, was only 12 days older than Lousaney's daughter, Sarah An Melvina. Lazarus and Sarah had a 13th child, Nancy Caroline (listed on page of Births in Bible), who was born in 1846.

(Editor's Note: Mrs. Robert I. Lowrey is the eldest daughter of Delcer Solomon Strickland and Mary Kate Roberts. Her birth and marriage are listed in this Bible. NJC)

Can anyone identify these Stricklands?

This picture is an enlargement of a 2" by 4" print I found in the collection of my mother, Minnie Strickland Gregory (b. 1887, Alcorn Co., MS - d. 1971, Freestone Co., TX). Her father was William Anderson Strickland (b. 1857, Alcorn Co., MS - d. 1933, Grayson Co., TX). I do not believe the picture came into my mother's possession until after her father's death.

On the back of the original picture is written, in my mother's handwriting, "Strickland Family". The following is printed on the back:

A. H. BALD
202 Hope Street
(Corner of Sauchiehall Street)
Glasgow

Copies may be Re-Ordered

Any information as to where this photograph was taken or the identity of these persons will be appreciated.

A friend of mine in England tells me that Sauchiehall is a very well-known street in Glasgow, Scotland; so that eliminates Glasgow, Georgia.

A Company Pay Roll shows he was paid for duty from July 24, 1813 to September 20, 1813. His pay per month was eight dollars. A Company Muster Roll, dated September 26, 1813, states he was "Discharged by Substitute, September 20, 1813."

She died when their youngest child (Jeff) was born, and great-grandfather remarried, and his children were out of touch with him. JOEAB married NANCY JOSIPHENE SMITH; and died in Anna Rose, Jim Wells County, TX.
